---

# Figshare as an IR

- Handle minting
- New dates
- Cover sheets
- Custom item types
- Improved Google Scholar indexing

## Available dates

- First online date
- Submitted to figshare date
- Version revision date
- Publisher Submission date (coming v. soon)
- Publisher Acceptance date
- Publisher online publication date (v. soon)
- Publication date

---

# The Rest

- New funding information
- Improved co-author handling
- Review/Curation within API
- Search and filter in Review/Curation

# What about 2020?

- Deeper Symplectic integration
- Citation explorer
- Full text search
- Custom Facets
- Publication Summary
- Restricted publishing

---

# What about 2020?

- Private/Hidden/Advanced metadata
- Custom metadata changes
- Partial date support
- Custom thumbnails
- Content Aggregation & mapping
- Advanced private links
- Request access workflow
- New Admin area

An abstract graphic on the left side of the slide, featuring a network of interconnected nodes and lines. The nodes are small circles, and the lines are thin, creating a web-like structure. The colors of the nodes and lines transition from yellow and orange at the top to blue and teal at the bottom. The background is a dark gradient, transitioning from black on the right to a dark blue/green on the left.
